WARNING: SMUT

Quick nutshell

The war had just ended Nazi and Soviet hadn't laid a single eye on each other. Soviet had gone back to see Russia and Nazi was at a bar drinking.

(*Nazi's P. O. V)

"Ugh" I groan as I slam my whisky bottle onto the bar table, splashing some on my hands. "That fucking commie" I mumble to myself "o-oh if I spot him I'm gonna fucking kick his ass" I was so pissed with Soviet because he's army killed so much if my fucking men and I'm so pissed. I take another drink of my whisky and start to walk home

Soviet's P.O.V

Oh my god, I'm finally home and I can finally see Russia again. I let America babysit Russia and the others while I was away but I may walk in and there's no roof so I hope to God. I knock on the door. No response. I knock again. This time I heard some thumping. America opens the door.
"H-Hey bro, your back already. I was just playing with Russia *__cough cough rusame ack__* America called for Russia who was upstairs. He slowly came down rubbing he's eyes, guessing he was sleeping. "What is it Am-" He sees me standing in the front door "папа!" He shouts running up to me hugging me. "I missed you so much" He said to me with tears running down his face. "I missed

you too" I replied almost wanting to cry myself. He looked up at me and stamped on my foot making me screech. "DON'T SCARE ME LIKE THAT AGAIN YOU ASSHOLE" He yelled but seconds later helping me off the floor. "Hey is it ok if I go for a walk and then you and me can have a catch up?" I say to Russia. He looked at me and smiled. "Sure, In that case. I'm going back to bed" America said he was fine looking after the children for awhile longer. I turn around and take a stroll down the street.

Third person

The two men walked down the street. One slightly drunk than the other but still the same. As Nazi walk walking he wasn't paying any intention and bumped into some figure. He looked up to see that he had bumped into non other than Soviet himself. They both fell on top of each other making an unnecessary kiss.

Nazi's P. O. V

what the fuck do I do. Do I push him off or do I lock him. SHIT THIS IS HAPPENING TO FAST FOR MY BRAIN?!

Soviet's P. O. V

Holy crap I'm fucking kissing the guy that's trying to kill me but I'm enjoying it? I want to continue but I don't at the same time.

Third person

Soviet pulls away, pulling Nazi up from the floor. They were both speechless and dark red at the same time. "U-um hey naz-" Soviet says in embarrassment but was cut off. "Do you wanna head to my house for a while" Nazi says with his head down, trying not to show he was drooling of lust. Soviet stops embarrassed. "Sure" He says smiling. They both started walking down to Nazi's house

They get to Nazi's house and he unlocks the door. Nazi invited Soviet inside so he walked in. A soon as he walked in, Nazi closed and locked the door. He shows Soviet around he's house then they got to the bedroom. Nazi showed him inside. Immediately when they both were in, Nazi pushed Soviet into the bed, pinning him

down.

Nazi giggled at Soviet. "Hehe look who's in control now" He said in a lustful tone. Soviet struggled. He really hated not being in control of something. Nazi laughed again. "Now we're were we?... Ah now I remember" Nazi bent down to Soviet and started kissing him deeply. He wanted to hear Soviet moan his name. He **needed** to hear him moan his name but he wasn't cracking. Then it hit him.

Soviet's P. O. V

This guys good like really good. I keep my moans inside me cause I can't give up yet. But a soon as I thought of that I could feel his erection rub threw mine and couldn't help to moan threw our kiss, nor did I release that I gave him my entrance to my mouth.

Nazi's P. O. V

now was my chance. I slid my tongue into his mouth and explored it. More moans came out of Soviet and it was music to my ears. When I got bored I pulled apart leaving a trail of saliva between mine and his mouth. I took a deep look at him, he was a painting mess, tongue out and was blushing cherry red. I reached for the bottom of his shirt and took it off. I stared at his shoulder and collarbone, trying to find a good spot to bite him.

Soviet's P O. V

I know what's gonna happen next but I was getting inpatient " Nazi s-stop teasing i-its not funny" He looked up at me grinning with his sharp teeth then looked back down "HURRY UP YOU BA-AHHH~" I moaned as he bit his sharp teeth into my skin. It hurt but I felt pleasure run threw me. He sucked the blood off my neck leaving a hickey. He repeated this all over my upper body. But things were getting unfair. I did that fake cough thing saying "bitch strip" So he go off me and stripped down like 50%, like I was. I jumped back on top of me and slowly pulled down the jeans and boxers I was wearing he looked at my erection and smirked, Now I was getting really inpatient.

Nazi's P. O. V

I could see he wanted me badly but I was being the evil person I was and waiting "oh for crying out loud just suck it" He shouted in an annoyed tone. I bent down and started to suck his erection. "Aa-ahhn naz-zi can I ask you n-nggg s-somthing" He asked moaning and groaning. "Yes my boo~" I replied in a sexy tone. "Can mmmm go faster?" I instantly started to Bob my head and suck faster "Ahhh-hhnnng" He moaned "I'm go-onna c-AHHHHHNNNG" All of a sudden I felt his warm seed go down my throat, still keeping some in my mouth. I lick the precum off and go back to see his reaction. He was gripping the sheets, eyes rolled back, tongue out drooling and panting

"Let's do that again sometime" I say
"Y-Yeah I really e-enjoyed that" Soviet says still panting " But next time I'm first"

1130 words ack
I srsly dont know why I made this, probably cause I like this ship so much now I need sleep

Russia's P.O.V

Beep Beep went my alarm clock for Sunday morning. I get up and walk down stairs. Only 1 week ago I would of already been annoyed by my siblings but now... Silence, brilliant. There's only 1 thing I'm scared about. I have a mystery roommate coming into my house to live for some weeks, but as long as they do the dishes and are clean and appropriate I'm good.

I cook myself some breakfast (coffee and some eggs) feeling like I forgot something but I thought of I forgot it wasn't important so I continued to cook

-after breakfast

I get upstairs get changed and was cleaning up the kitchen when I heard my doorbell ring. I stop what I was doing and walk up to the door, opening it. "Hello? " I look in front of me and see a middle aged man but he was pretty small. "Hey, I'm America I'm apparently staying here for a couple of weeks? "He said in a chill voice. " HOLY SHIT that was today, here here come in" I help him with his bags inside.

Russia's POV

Fuck this guy is adorable. He's kind, dumb, and polite but he must be **mine**

Third person

Russia helped America put his bags and all that in the guest room. "Hey I never got your name? "America asked "Oh its Russia" Russia said with a welcomed smile "if you need me I'll be in the kitchen" He said walking off to do more cleaning. America giggled at Russia and started to unpack.

Many weeks passed and the two young men's ponds grew stronger and Russia kept on holding back for 2 month's until he couldn't hold back anymore...

Russia's P.O.V

I can't take it anymore. I want him. I need him. And I need it now. Me and America were sitting on the couch watching a movie but it's all part of my plan. I shook him to make sure he wasn't sleeping "Hey..... HEY! " by now I was basically throwing him around the room.

America's POV

I woke up to Russia staring into my face. "You awake? " He asked waiting eagerly for my answer. "I am now" I say rubbing my eyes. "GOOD I'll be right back". He runs off into the hallway to the office. I look around me and see everything is on mute, so all I could hear is my heartbeat. " Ok I'm back" He shouts holding some leather thick black string. He jumps back on the couch "ok were gonna play a game, a normal game of rock, paper scissors. I win, I control you. You win, you control me. Deal" He puts his hand. And I said yes.

Third person

Now all that Russia hoped for was to win

.....

.....

....

He won.

"So what is is?" America asked
"Wear this blind fold... I'll help" Russia tied the rope around the innocent humans head. "Ok now I'm gonna put you in something so

don't freak out~"
He said with a big grin. Russia picked up America and put him on the couch, lying down. Suddenly America was pinned to the couch by Russia. "heh, your mine now~" He said with a lustful tone. America tried to take off the blind fold but "tsk tsk tsk, you can't take that off yet kitty~, I'm not finished. " Russia went straight for America's neck, licking and sucking his collarbone. Russia heard gasps and panting from America, giving him bad thoughts making him go more. "Ah-hnng Rus-ssia please, dont-t stop nngg" America said drowning in his own moans. Russia was surprised so he said "well do you wanna get to the best part now kitty ?~ " "Yes please~"
He replied with half of his tough out. Russia grinned and stripped America then himself. He placed himself in front of America's entrance. "You ready kitty?" Russia said. America covered his mouth and Nodded. Russia entered and America screamed "AHHHH-HHNNNG IT HURTS"
Russia leaned over to America's hickey and licked it to calm. He continued to enter him. He gave America some time to adjust then the real fun started.

Moaning, screams, laughter all threw the night non stop.

-the next morning-

America woke up to see Russia watching TV

"I love you Russia" He said smiling

"I love you too"

Fluff fanfic

Essi- Estonia

Quick nutshell

It had been 4 months since Finland and essi had need roommates. They both earned feelings for each other but we're too scared to confess. They had tried but..... Utterly failed.

Estonia's P.O.V

Ok tonight was the night. The night were I Tell Finland how I really feel. Lucky he expected my offer to dinner. All I need to do is build up some courage and do it.

Finland's POV

"I'm almost ready" I heard the younger male yell as he sprinted across the house, collecting things and shoving them in his bag. He ran and stood in front of me "ok I'm ready" He said to me smiling sweetly. "Ok let's g-" I was cut off by essi gripping my hand dragging me outside. "Woah woah woah essi slow down" I said amazed but scared.

third person

The two men sat in the car. "So we're are we gonna go?" Finland asked raising and eyebrow. Essi jumped over Finland taking the wheel. "It's a surprise~" He slammed the accelerator making

Finland slam back in his seat. "Hahahaha omg you look so stupid" Essi yelled laughing at Finlands facial expression.

-20 min later-

The two got to a cliff side and sat on the front of the car, starring at the stars.

Estonia's POV

Oh my gosh he looks so adorable. I was about to do it when... "Hey essi, can I ask you something? " Finland said looking up at the stars
Aka it's nighttime at the moment :3
"Yeah what's up?" I replied
"If your country gets so cold, how come you have such a warm heart"
I felt my face heat up. He leans over to me and Softly kissed me.

Finland's POV

I pulled away needing air space in my lungs. I looked up at essi to see he was bright red, not only that but he had a blood noes. He cupped my face, making me stair into his dark blue eyes. I felt my face heat up. We both stare into each other's eyes, but then laugh.

"Oh my gosh haha" I say laughing
He couldn't do anything but laugh. He rested his head against my chest as we stared at the sky. Suddenly a shooting star went by. Essi saw it and smiled "I wish... " He looked up at me and I look down at him. "That this moment will never end.... I love you Finland"
"I love you too estonia"

.....

CLICK

Me and essi both heard a camera sound coming from the corner of the cliff. We both look over to see America and Russia taking photos
"This will never leave my phone" America said smiling. Then Russia was sitting there looking like he's gonna cry "i-im so p-p-proud"
Then little tears went down his face but

We didn't care less.

As long as he's with me, **I can do anything**

Ack help. Sorry it's short, I'm not strong with fluff fanfic but 500 words 😎👌 okie bye

A/N

You guys my friend klemonte sent a message on this book some hours ago and to make things clear, I will be discontinuing this book. To some it may hurt because I put lots of effort into this book but I don't think this "countryhumans" Is NOT right. I only found out some weeks ago that my nan was KILLED by the Nazis and I was shocked by it. I looked deeper into countryhumans and the more I looked the more discussed I got. I no longer will be associated with contryhumans and no longer will make chapters about it. I'm sorry if this will disappoint you but this is my choice and NOTHING will change my mind. I will also take some time off wattpad to spend time with family and friends

Thank you for your reads
